

MysteryWalk: A Journey into the Mystery through Community

Do you long for a community where you can learn, explore, and challenge the status quo rather than going it alone?

Are you longing to take a leap towards a deeper, more meaningful experience of Life?

Are you seeking powerful guidance to move through the next layers of your unfoldment?

Over this 9-month group experience, there will be opportunities to:

- Have consistent practice working with the 94% of reality we cannot see or touch
- Learn to trust your perceptions of the Field, the Matrix, and your innate guidance system
- Interact more honestly, courageously, and effectively with yourself and others
- Develop communication skills beyond ordinary listening and talking
- Expand your ability to dive under surface experience to articulate & express the heart of the matter
- Create and strengthen neural pathways that anchor healthier, more powerful ways of being
- Build a kinesthetic understanding of what community and support feel like and why they matter

Our Schedule

- A weekly Being Together group - 90 minutes to connect, dissect, reflect.
- 3 weekends - Working deeply and fully with our MysteryWalk community.
- 6 individual sessions with Lexi to optimize personal expansion and growth.

Being Together

- Meet 10:30-12:00 Thursdays OR Monday evenings 6:00-7:30 (except logical holidays, etc.)
- Weekends: October 13-15, February 16-18, & June 15-17

Exchange is a sliding scale of \$990-\$4,500 and is based on a new economy model allowing people paying on the higher end of the scale to act as support for those who need it. I hope that anyone called to join is able to work this at their deepest level by accepting what they need while giving as much as they can.

Registration opens July 5: 541.631.9456 or email lexi@lexidelgado.com.

Lexi Delgado has worked in the fields of education and mental health for 25 years. Lexi utilizes tools from many arenas of Sacred Science — Mindfulness, Yoga, Cosmology and Constellation Work.
